

## Policy on Information Notice

*We maintain physical, electronic, and procedural safeguards to guard the personal information you provide to us. Our products and/or services online are transmitted through a secured socket layer (SSL) transmission. Further, we have security protocols and measures in place to ensure confidentiality of PII and to protect the PII we maintain about you from unauthorized access or alteration as well as unlawful disclosure. These measures include internal and external firewalls, physical security and technological security measures, as well as encryption of certain information. Our security program is designed to: (1) ensure the security and confidentiality of personal information, (2) protect against any anticipated threats or hazards to the security or integrity of the information, (3) protect against unauthorized access to or use of the information that could result in substantial harm or inconvenience to any individual, and (4) we do NOT rent or sale any of your information.*
